

# Scuffmaster® & LEED®

Scuffmaster Paints are well known as attractive (Pretty.), durable (Tough.) and versatile (Paint.). Each of our products, across our entire line, is also environmentally friendly and can qualify for credits toward certification in several categories of your LEED-registered project.

For LEED certification and requirements, visit [www.usgbc.org/leed](http://www.usgbc.org/leed)

## LEED-EB (Existing Buildings)

- LEED-EB Credit MR3.1/3.2** **Optimize Use of IAQ Compliant Products**  
One point is awarded, up to a maximum of 2 points, for each 45% of annual purchases calculated on a cost basis that conform to LEED sustainability criteria.  
All Scuffmaster Paints qualify.
- LEED-EB Credit EQ3** **Construction IAQ Management Plan**  
At the end of construction, a baseline IAQ testing procedure is established to demonstrate that the concentration levels for the chemical air contaminants are below specified levels.  
All Scuffmaster Paints qualify.
- LEED-EB Credit EQ9** **Contemporary IAQ Practice**  
Develop a program to enhance indoor air quality practices to prevent the development of IAQ problems and correct problems when they occur.  
Use of Scuffmaster Paints qualifies.
- LEED-EB Credit EQ10.3** **Low Environmental Impact Cleaning Policy**  
Implementation of a low-impact environmental cleaning products and housekeeping policy.  
Due to our best in class durability, all Scuffmaster Paints qualify.

## LEED-NC, CI, CS (New Construction, Commercial Interiors, Core & Shell)

- LEED Credit EQ4.2** **Low-Emitting Materials: Paints & Coatings**  
Paints and coatings used on the interior of a building need to comply with Green Seal Standard GS-11 for architectural paints, coatings and primers. VOC content limits are 50 g/L for flat paint, 150 g/L for non-flat.  
All Scuffmaster Paints qualify (see page 2).
- LEED Credit EQ3.1** **Construction IAQ Management Plan: During Construction**  
Develop and implement an Indoor Air Quality (IAQ) Management Plan for the construction and pre-occupancy phases.  
Use of Scuffmaster Paints qualifies.

With Scuffmaster's low VOC levels and non-toxic formula, any of our paints can help you qualify for LEED credits. And, as a member of the U.S. Green Building Council, we can work quickly and effectively to make sure our products continue to exceed the requirements of LEED as changes are made and new categories are added. Coming soon; LEED for Healthcare, Homes, Schools and more and look for Scuffmaster to work within those guidelines as well.

Page 2 charts each of our paints and relevant data.

## LEED® VOC Compliance

The entire Scuffmaster line meets the requirements for low VOC content as defined by the Green Seal Standard GS-11 found in LEED®.

### Pretty.

LAST UPDATE: MCT 08/01/2006

<b>SMOOTH PEARL™</b>	VOC Content	Green Seal GS-11	LEED Compliant
<i>Base: Master Coat 100</i>	145 g/L	150 g/L	Yes
<i>Effect: Clear-Pearl Coat</i>	149 g/L	150 g/L	Yes
<i>Clear: Ultra-Clear</i>	149 g/L	150 g/L	Yes
<b>SOLID METAL™</b>	VOC Content	Green Seal GS-11	LEED Compliant
<i>Base: Metalli-Coat 2000</i>	149 g/L	150 g/L	Yes
<i>Clear: Ultra-Clear</i>	149 g/L	150 g/L	Yes
<b>ENVIROMETAL PAINT™</b>	VOC Content	Green Seal GS-11	LEED Compliant
<i>Pre Base: Tinted Undercoat (Primer Sealer)</i>	40 g/L	50 g/L	Yes
<i>Base: EnviroMetal</i>	149 g/L	150 g/L	Yes
<b>AMBIENT METALLIC™</b>	VOC Content	Green Seal GS-11	LEED Compliant
<i>Base: Master Coat 100</i>	145 g/L	150 g/L	Yes
<i>Pattern: Armor-Coat 1200M</i>	41 g/L	150 g/L	Yes

### Tough.

<b>AMBIENT DESIGNS™</b>	VOC Content	Green Seal GS-11	LEED Compliant
<i>Base: Master Coat 100</i>	145 g/L	150 g/L	Yes
<i>Pattern: Premium-Coat 200</i>	149 g/L	150 g/L	Yes
<b>ARMOR™</b>	VOC Content	Green Seal GS-11	LEED Compliant
<i>Base: Premium-Coat 200</i>	149 g/L	150 g/L	Yes
<i>Pattern: Armor-Coat 1200</i>	41 g/L	150 g/L	Yes

### Paint.

<b>SCRUBTOUGH™</b>	VOC Content	Green Seal GS-11	LEED Compliant
<i>Base: ScrubTough</i>	145 g/L	150 g/L	Yes
<b>SCUFFMASTER SC</b>	VOC Content	SCAQMD	SCAQMD Compliant
<i>Scuffmaster Paints formulae specific to the SCAQMD: MC100, PC200, ScrubTough Ultra Clear Coat</i>	49 g/L	50 g/L	Yes
