

SCUFFMASTER vs. Regular Paint

Scuffmaster's ScrubTough™ is the first eggshell paint finish to combine exceptional stain and scrub resistance with infinite design possibilities. Our innovative coating technology was developed specifically to increase the durability of eggshell coatings up to 20 times that of ordinary acrylic latex paint. In fact, there isn't any other interior eggshell coating that is more usable and durable than ScrubTough.

SCRUBTOUGH™

Scrub Rating	8,000 Cycles (ASTM D-2486)
VOC Content	Less Than 50 g/L
Formulation	Waterbase polyurethane

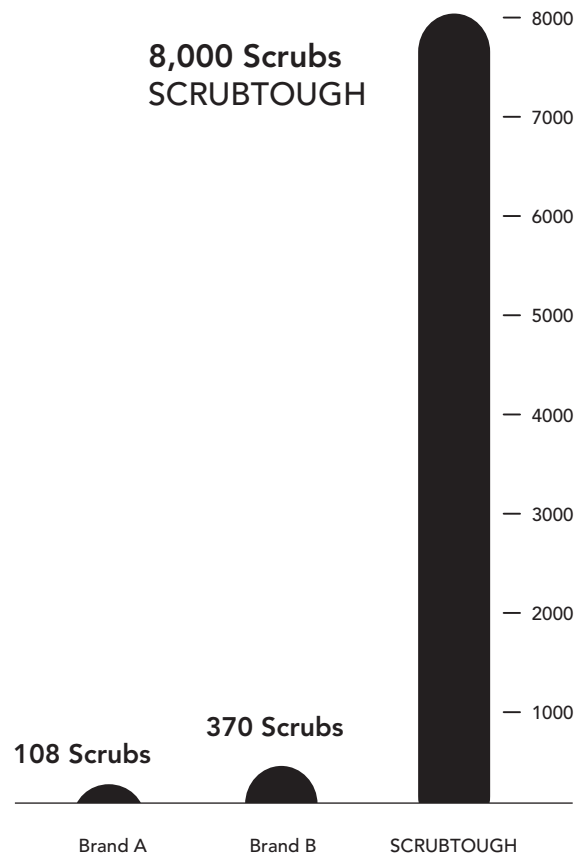

- Contributes toward satisfying LEED Credit EQ 4.2
- Excellent stain removal ratings - ASTM D-1308
- Easy brush, roll or spray application

National Brand A

Scrub Rating	108 Cycles (ASTM D-2486)
VOC Content	Over 150 g/L
Formulation	Waterbase Acrylic Latex

National Brand B

Scrub Rating	370 Cycles (ASTM D-2486)
VOC Content	Over 150 g/L
Formulation	Waterbase Acrylic Latex
